## Item # FLIGHTED, Flighted / Lug Infeed

### Flighted / Lug Infeed

ARPAC's Quick-Connect infeeds are a cost effective solution for operations that handle a variety of packaging applications. These modular infeed conveyors are completely interchangeable with all ARPAC horizontal shrink wrappers giving you the flexibility of running multiple products on one system.

Quick-Connect infeeds are automatically recognized by ARPAC shrink wrappers. All machine programs and parameters are automatically adjusted when Quick-Connect infeeds are plugged in or changed. Because our film feeds stay with our modular shrink wrappers, ARPAC's Quick-Connect infeeds are more compact and cost-effective than others in the marketplace.

## FEATURES

Quick-Connect Infeed Features

- Various infeed lengths available
  - T-Lugs - for multipacks
- Vertical drop - to prevent shingling of product
  - Paper infeed guides
