

Kraft Paper

Flat Multiwall

PACKAGING APPLICATIONS

Industrial Shipping Sacks
Consumer Bags
Dunnage Bags

END USE PRODUCTS

Food
Pet Care
Building materials
Feed & Seed
Chemical & Minerals

MANUFACTURING LOCATION

Longview, WA
Roanoke Rapids, NC

KapStone is a leading producer of unbleached kraft papers used in packaging and wrapping applications. Available in basis weights ranging from 40 lb to 70 lb on a 3,000 square foot basis, our flat multiwall products set the industry standard for manufacturing consistency, superior strength, low Gurley porosity, and good tear and puncture resistance.

PRODUCT FEATURES

Superior Strength

Consistent Runnability
& Uniform Profiles

Printing Capabilities

Sustainability

BENEFITS

Made from fiber blends ranging from recycled to 100% virgin, our flat multiwall paper is produced to deliver on our customers' end use requirements. Used for industrial and food grade multiwall packaging, KapStone's flat multiwall paper adheres to the U.S. Freight Classification Rule 40 for shipping sack paper.

KapStone takes pride in reducing variability across the entire manufacturing process. Our intense focus on paper making process controls and variability reduction drives excellent profiles in the machine and cross directions - delivering efficiencies during the converting process.

For uniform ink absorption and superior printability, our flat multiwall paper has a clean, smooth and low lint surface.

KapStone is committed to producing sustainable products for our customers that adhere to multiple forestry certification standards. Through this commitment, KapStone offers end products that are biodegradable, compostable, and recyclable.

CERTIFICATIONS

Forestry and Procurement*

SFI® Certified Sourcing and Chain of Custody
PEFC™ Chain of Custody
FSC® Chain of Custody
Compliant with the Lacey Act and EUTR (European Union Timber Regulations)

COMPLIANCES

Food Contact

Compliance with USFDA - 21 CFR §176.170 and 21 CFR §176.180 Allergen free

Environmental and Safety

US California Proposition 65 Compliant
CONEG Model Heavy Metal and EC/94/62 Article II Compliant
Elemental Chlorine Free (ECF) Unbleached fiber
Toy Safety Standards ASTM F 963 and EN71-3
BPA Free

PRODUCT CLASSIFICATIONS

Product Type

Natural unbleached kraft paper

Specification

Compliant with Uniform Freight Classification Rule 40

Basis Weights

40 - 70 lb per 3000 square feet

Options

Available with wet strength resin addition

*FSC Chain of Custody Certification applies only to Roanoke Rapids Mill.
