

## Genesys Gamma 1

Manufacturer:

SKU#: 8217-10-0006

The Gamma-1 features powerful data reduction software designed to handle all clinical and research assay needs. From a simple CPM test to an IRMA calculated using a cubic spline curve fit, your needs are covered.

## Product Description

Need to count other isotopes? No problem. The Gamma-1 well crystal detector features a unique, elongated design which creates greater crystal mass beneath the well. This translates to a higher efficiency when more energetic isotopes are counted. The heart of the Gamma 1 counting circuitry is a 12-bit 4096 channel ADC. This means less than 1/4 KEV (250 EV) per channel, for superb Isotope identification.

## Genesys Gamma 1 Specification

## WHY BUY FROM GMI?

Your trusted source for Used & New lab equipments, Parts, Factory Clearance instrument service since 1985.

**TRADE IT.  
UPGRADE IT.**

We routinely save discerning laboratories 50-80% off retail on our recertified instrument offerings.

Quality? ISO 9001:2008 certified means we remove 100% of the risk in buying 'used' laboratory equipments.

Warranties from 90 days to a year as well as multi-year service agreements are available.

GMI is an industry-leading distributor of brand new laboratory equipment and instruments. We supply a wide range of cutting-edge analytical instruments including centrifuges, gas chromatographs, freezers, thermal cyclers, and more. Choose from more than a thousand of new and innovative lab instruments that meet specifications and come with warranties up to 1 year.
