Manufacturer: Baker

SKU#: 8038-30-1043

- Stainless steel work surface
- Lighted work area
- Internal blower and Magnehelic gauge
- Sliding glass door

Product Description

The Baker SterilGARD® 600 (SG 600) Biological Safety Cabinet provides maximum protection. The six-foot wide Baker cabinet is a Class II A/B3 type, and is designed with an internal blower and Magnehelic gauge. For convenience and excellent unit performance, the Baker SG 600 biosafety cabinet also incorporates a one-piece interior wall construction, a front opening, and a recessed stainless steel work surface. Built with a sliding door, the containment unit has a 1/4-inch safety plate glass which enables excellent visibility. The Baker SG 600 is used for a wide variety of applications including I.V. drug and pharmaceutical preparations, clinical diagnostic work involving tissue culturing, and other techniques requiring a contamination-free atmosphere.
