

# Overcounter Beer Cooler

## SOUDEK 1/8 HP

OAK WOOD

- The luxurious **SOUDEK 1/8 HP** beer cooler is designed for cooling and dispensing of chilled beer at home, smaller garden parties or functions.
- Its decor and aesthetic design of high quality processed oak wood with stainless steel, makes this cooler the perfect accessory for a modern kitchen or bar.
- This cooler has a continuous cooling performance of **15-20l/h**.
- The modern compressor cooling unit uses the power input for direct transfer to chilling, which guarantees minimum energy usage.
- The best chilled beer will be ready in the thermo block within 3-5 minutes after the cooler has been switched on.
- **LINDR cooling technology is 45% more efficient** than its power input.
- The complete external construction is made from oak wood and stainless steel to give a more clean and aesthetic look.
- The materials used meet the highest requirements for hygiene standards and guarantee a long working life of this cooler.
- This machine also includes a stainless steel drip tray and an adjustable temperature control with **7 different settings**.
- The medallion pictured is an optional extra.
