P = Patty Tray

Stock colors are black and white

All values are nominal and do not include standard manufacturing tolerances.

All sales are subject to Winpak's general terms and conditions.

MAPfresh[®] CASE READY LIDDING FILM

Winpak MAPfresh[®] Case Ready Lidding Film is a shrinkable lidding film designed for use in case ready packaging applications. It can be used in combination with a wide variety of polyethylene sealant trays and has high barrier properties for demanding shelf life requirements.

FEATURES

- Proprietary polyethylene sealant prevents water drops and fog from forming on its surface and provides a clear view of the packaged product.
- Anti-fog properties are excellent and remain active for up to 21 days after packaging.
- Along with superior transparency, the film exhibits excellent surface gloss, enhancing retail presentation.
- MAPfresh[®] has 4-5 times greater oxygen barrier properties than standard case ready lidding film.
- Exceptional machineability and sealability on a wide range of conditions and sealing equipment.
- Winpak's 10 color trap printing capabilities add merchandising appeal to retail products.

Type of Film	Thickness (microns/mil)	Oxygen Permeability (cc/sq.m/24 hrs @ 23°C, dry)/ (cc/100 sq.in/24 hrs @ 73°F, dry)	MVTR (gr/sq.m/24 hrs @ 37.8°C,90%RH)/ (gr/100 sq.in/24 hrs @ 37.8°C,90%RH)
LIDHB1 37 AF8	37/1.5	4.0/0.26	12.0/0.77

Film complies with FDA regulations.

WINPAK CASE READY PACKAGING CAPABILITIES

Winpak's MAPfresh[®] line of case ready packaging products combines case ready trays and anti-fog lidding film that gives processors superior performance and value in a wide range of case ready packaging applications including fresh red meats, chicken, processed meats, and prepared foods. MAPfresh[®] case ready packaging is durable through distribution and provides retailers with excellent merchandisability in the case. In addition to MAPfresh[®] trays and lidding film, Winpak is a leading producer of **barrier pouches and roll stock for master bag case ready products**, as well as being a world leader in the production of **forming and non-forming barrier films for full vacuum case ready packaging applications**. Winpak's continuous development of proprietary extrusion and printing technologies, and world-class production standards bring value and innovation to our customers.
