

SD Series

Rotary Valve for Metering and Airlock Applications

Features & Benefits

- Available in 4 heights, from 5 3/4" H to 11 1/4" H; and 4 square-flange sizes from 6" to 12".
- This ACS Valves Pre-fit Performance™ Series valve enables simple and fast drop-in replacement of Carter Day® type CI rotary valves.
- Valve housing cast in North America; ensures superior strength and solidification of housing's metallurgy.
- CNC-machined components and housing provide precision tolerances; eliminates axial shaft movement, extends maintenance cycles.
- Excellent performance in high-temperature applications up to 250°F.
- Cast iron housing.
- 6-vane rotor with beveled tips and sides.
- Direct-drive motor package.
